Report of Independent Auditors

The Management and the Board of Directors
New York City Industrial Development Agency

Report on the Schedule of Investments

We have audited the accompanying Schedule of Investments for the New York City Industrial Development Agency (the “Agency”), a component unit of The City of New York, as of June 30, 2017 and 2016, and the related notes.

Management’s Responsibility for the Financial Schedule

Management is responsible for the preparation and fair presentation of the Schedule of Investments in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedule of Investments that is free of material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Schedule of Investments based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Investments is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Investments. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Schedule of Investments, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the Schedule of Investments in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Investments.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Schedule of Investments referred to above presents fairly, in all material respects, the investments of the Agency as of June 30, 2017 and 2016, in conformity with U.S. generally accepted accounting principles.

Report on the Financial Statements as of June 30, 2017 and 2016

We have audited, in accordance with auditing standards generally accepted in the United States and *Government Auditing Standards*, the financial statements of the Agency as of and for the years ended June 30, 2017 and 2016, and our report thereon dated September 29, 2017, expressed an unmodified opinion on those financial statements.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated September 29, 2017, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters with respect to the Schedule of Investments. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Agency's internal control over financial reporting and compliance with respect to the Schedule of Investments.

Notes to Schedule of Investments

June 30, 2017

1. Background and Organization

The New York City Industrial Development Agency (“IDA” or the “Agency”), a component unit of The City of New York (the “City”) for financial reporting purposes of the City, is a public benefit corporation of the State of New York (the “State”). IDA was established in 1974 to actively promote, retain, attract, encourage, and develop an economically sound commerce and industry base to prevent unemployment and economic deterioration in the City.

The Agency assists industrial, commercial and not-for-profit organizations in obtaining long-term, low-cost financing for capital assets through a financing transaction (the “Financing Transaction”), which includes the issuance of double and triple tax-exempt industrial development bonds (“IDBs”). The participating organizations (the “Beneficiaries”), in addition to satisfying legal requirements under the Agency’s governing laws, must meet certain economic development criteria, the most important of which is job creation and/or retention. In addition, the Agency assists participants through “straight lease” structures. The straight lease provides tax benefits to the participants to incentivize the acquisition and capital improvement of their facilities. Whether the Agency issues IDBs or merely enters into a straight lease, the Agency may provide one or more of the following tax benefits: exemption from mortgage recording tax; payments in lieu of real property taxes (“PILOT”) that are less than full taxes; and exemption from City and State sales and use taxes as applied to construction materials and machinery and equipment.

When the Agency issues IDBs, the proceeds of the IDB financing are conveyed to an independent bond trustee for disbursement to the Beneficiary. The Beneficiary concurrently conveys the project or other collateral to the Agency for a nominal sum and the Agency in turn leases the property or other collateral back to the Beneficiary for a period concurrent with the maturity of the related IDB or the term of the tax benefits. Rental payments are calculated to be sufficient to meet the debt service obligation on the IDB (the “Financing Lease”). The Financing Lease includes a bargain purchase option, which allows the Beneficiary to repurchase the property for a nominal sum upon expiration of the Financing Lease and after satisfaction of all terms thereof.

The IDBs are special nonrecourse conduit debt obligations of the Agency which are payable solely from the rents and revenues provided for in the Financing Lease to the Beneficiary. The IDBs are secured by a collateral interest in the Financing Lease, the Beneficiary’s Property and leases and, in certain circumstances, by guarantees from the Beneficiary or from its principals or affiliates or other forms of additional security. Both the IDBs and certain provisions of the Financing Lease are administered by independent bond trustees appointed by the Agency.

New York City Industrial Development Agency
(A Component Unit of The City of New York)

Notes to Schedule of Investments (continued)

1. Background and Organization (continued)

Due to the fact that (1) the IDBs are nonrecourse conduit debt obligations to the Agency, (2) the Agency assigns its interest in the Financing Lease as collateral and (3) since the Agency has no substantive obligations under the Financing Lease (other than to convey back the project property at the end of the IDB term, and to issue IDBs in those projects where subsequent issuance is contemplated), the Agency has, in effect, none of the risks and rewards of the Financing Lease and related IDB financing. Accordingly, with the exception of certain fees derived as a result of the Financing Transaction, the Financing Transaction itself is given no accounting recognition in the financial statements.

The Agency is governed by a Board of Directors, which establishes official policies and reviews and approves requests for financial assistance. Its membership is prescribed by statute and includes public officials and mayoral appointees.

In addition to IDB financing, the Agency also issued Tax Exempt PILOT Revenue Bonds, Taxable Rental Revenue Bonds, Taxable Installment Purchase Bonds and Taxable Lease Revenue Bonds in connection with the construction of the new Yankee Stadium and Citi Field (the “Stadia Projects”). Yankee Stadium, LLC, a Delaware limited liability company, and Queens Ballpark, LLC, a New York limited liability company, undertook the design, development, acquisition and construction of the Stadia Projects. The Taxable Bonds are special limited obligations of the Agency and are payable solely from revenues derived from the Lease Agreement with Yankee Stadium, LLC and the Lease Agreement and Installment Sales Agreement with Queens Ballpark Company, LLC and, accordingly, are given no accounting recognition in the financial statements.

The Tax Exempt PILOT Bonds are special limited obligations of the Agency payable solely from PILOT Revenues derived from PILOTs made by Yankee Stadium, LLC and Queens Ballpark Company, LLC. However, since the Tax Exempt PILOT Bonds were issued to finance the construction of the Stadia and because the Agency is the legal owner of the Stadia, the Tax Exempt PILOT Bonds have been recorded in the Agency’s books and records.

Notes to Schedule of Investments (continued)

2. Summary of Significant Accounting Policies

Investments

Investments held by IDA are measured at fair value pursuant to GASB issued Statement No. 72, *Fair Value Measurement and Application*. Money Market Funds, categorized as Level 1, are valued at the unadjusted prices quoted in active principal markets for identical assets. US Agencies securities, categorized as Level 2, are valued based on models using observable inputs. Certificates of deposit are valued at cost.

Restricted Funds Held in Trust – Stadia Projects

Restricted cash, cash equivalents and investments, related to the Stadia Projects, are segregated and designated for purposes of the debt reserve fund and to pay future bond interest and principal payments. These investments are managed by an external investment portfolio manager. Qualified investments, as defined in the bond agreements, are made under the direction of the Agency. Under the bond agreements, the Agency does not have any obligation to make further contributions to the Stadium Construction Funds. Accordingly, the Agency's financial responsibility will not exceed the amounts currently on deposit in the managed investment portfolio. Therefore, the Agency's obligation is not affected by various risks, which include credit risk, interest rate risk and concentration of credit risk. In addition, the restricted investments are not required to be administered in accordance with the Agency's or New York State investment guidelines. IDA's restricted cash equivalents and restricted investments for the stadia projects were \$53,477,289 and \$85,585,812, respectively, as of June 30, 2017.

Notes to Schedule of Investments (continued)

3. Investments

As of June 30, 2017 and 2016, the Agency had the following investments. Investment maturities are shown for June 30, 2017, only (dollars in thousands).

	Fair Value		2017	
			Investment Maturities (In Years)	
	2017	2016	Less Than 1	1 to 2
Money Market	\$ 794	\$ 4,388	\$ 794	\$ –
Federal National Mort. Assn. Notes	6,790	–	–	6,790
Federal Home Loan Mort. Corp. Notes	17,375	14,375	10,397	6,978
Federal Home Loan Bank Notes	3,795	6,032	999	2,796
Federal Farm Credit Bank	1,246	6,782	–	1,246
Certificates of Deposit (over 90 days)	1,059	4,185	1,059	–
Total	31,059	35,762	\$ 13,249	\$ 17,810
Less: cash equivalents	(794)	(4,388)		
Total unrestricted investments	\$ 30,265	31,374		

IDA's investment policy permits the Agency to invest in obligations of the United States of America, where the payment of principal and interest is guaranteed, or in obligations guaranteed by agencies of the United States of America. Other investments include certificates of deposit, and time deposits. All investments are either insured or registered and held by the Agency or its agent in the Agency's name.

Interest Rate Risk: The Agency has a formal investment policy, which limits investment maturities to a maximum of two years from the date of purchase as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk: It is the Agency's policy to limit its investments in debt securities to obligations of the United States of America and its agencies, and obligations of the State of New York. As of June 30, 2017, the Agency's investments in Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank and Federal Home Loan Mortgage Corporation were rated AA+ by Standard & Poor's, Aaa by Moody's and AAA by Fitch Ratings.

New York City Industrial Development Agency
(A Component Unit of The City of New York)

Notes to Schedule of Investments (continued)

3. Investments (continued)

Custodial Credit Risk: For investments, custodial credit risk is the risk that in the event of the failure of the counterparty, the Agency will not be able to recover the value of its investments that are in the possession of the outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured and are not registered in the name of the Agency.

The Agency manages custodial credit risk by limiting its investments to highly rated institutions and/or requiring high quality collateral be held by the counterparty in the name of the Agency.

Concentration of Credit Risk: The Agency places no limit on the amount the Agency may invest in any United States of America government backed securities. The following table shows investments that represent 5% or more of total investments (dollars in thousands):

Issuer	Dollar Amount and Percentage of Total Investments			
	June 30, 2017		June 30, 2016	
Federal Home Loan Mortgage Corp.	\$ 17,375	57.41%	\$ 14,375	45.82%
Federal National Home Mortgage Assn.	6,790	22.44	-	-
Federal Home Loan Bank	3,795	12.54	6,032	19.23
Federal Farm Credit Bank	-	-	6,782	21.62

Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Schedule of Investments Performed in Accordance with *Government Auditing Standards*

The Management and the Board of Directors
New York City Industrial Development Agency

We have audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Schedule of Investments of the New York City Industrial Development Agency (the “Agency”), a component unit of The City of New York, as of June 30, 2017, and the related notes to the Schedule of Investments, and have issued our report thereon dated September 29, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the Schedule of Investments, we considered the Agency’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Schedule of Investments, but not for the purpose of expressing an opinion on the effectiveness of the Agency’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s Schedule of Investments will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's Schedule of Investments is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and investment policies established by the Agency and the New York State Comptroller investment guideline requirements as presented in Section 201.3(c) of the *Accounting, Reporting and Supervision Requirements for Public Authorities*, noncompliance with which could have a direct and material effect on the determination of Schedule of Investments amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
