In addition:

(i) such temporary #public parking lots# or #public parking garages# with more than 150 spaces, may be located off-site or beyond the boundaries of the #Special St. George District# as set forth in the interim parking plan. Any change in the location of such temporary #public parking# facility with more than 150 spaces, or any increase in the number of spaces in a temporary #public parking# facility to more than 150 spaces, or any addition of a #public parking# facility with more than 150 spaces provided in connection with such interim parking plan, shall be subject to approval by the City Planning Commission and referred to the applicable Community Boards for review; and

No perimeter or background surfaces shall be applied or affixed to the structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for the structure or #building#; and
  - (ii) #signs# shall be permitted to be located on the deck of the railroad right-of-way, provided that the #surface area# of such #signs# shall be included in the calculations of total #surface area# of #signs#; and

  - (i) open pedestrian pathways of at least 20 feet in width shall be considered #streets# for the purposes of #sign# regulations;
  - (ii) #signs# shall not extend to a height greater than 60 feet above the #base plane#; and
  - (iii) the total #surface area# of #signs# on the #building# frontage facing Richmond Terrace, the prolongation of Wall Street, or on the #building# frontage or other structure facing the access route into the Ferry Terminal for buses, may exceed the limitations for total #surface area# for #signs# permitted in a C4 district pursuant to an approved signage plan; and
- (6) The total #surface area# of all #signs# on Parcel 2 facing the #shoreline#, or that are within 15 degrees of being parallel to the shoreline, shall not exceed:
  - (i) 500 square feet for #signs# located above the level of the first #story# ceiling

of #buildings#;

- (ii) 250 square feet for #signs# located below the level of the first #story# ceiling of #buildings#; and

(d) Through approval of the Proposed Plans, establish appropriate requirements in lieu of the following #Special St. George District# regulations:

- (1) Section 128-12 (Transparency Requirements);
- (2) Section 128-42 (Planting Areas);
- (3) Section 128-54 (Location of Accessory Off-Street Parking Spaces) to the extent necessary to accommodate demand for parking within the North Waterfront Subdistrict;
- (4) Section 128-55 (Special Requirements for Roofs of Parking Facilities); and

(e) Through approval of the Proposed Plans:

- (1) establish appropriate requirements for the height and setback of #buildings or other structures#, permitted obstructions in #yards#, off-street parking and loading; and
- (2) permit #floor area# to be distributed within the North Waterfront Subdistrict without regard for #zoning lot lines#, provided that if distribution is made to a #zoning lot# subject to a special permit granted under this Section from a #zoning lot# not subject to such special permit, Notices of Restriction in a form acceptable to the Department of City Planning shall be filed against such #zoning lots# setting forth the increase and decrease in the #floor area# on such #zoning lots#, respectively.

(f) The Commission shall find that the Proposed Plans:

- (1) include #uses# that are appropriate, considering the unique location of the site in relation to the Staten Island Ferry Terminal, the Staten Island Rail Road, and the land uses in and around the #Special St. George District#;
- (2) provide for a distribution of #floor area#, locations and heights of #buildings or other structures#, primary business entrances and open areas that will result in a superior site plan, providing a well-designed relationship between #buildings and other structures# and open areas on the #zoning lot#; and shall also provide a well designed relationship between the site and adjacent #streets#, surrounding #buildings#, adjacent off-site open areas and shorelines and will thus benefit the users of the site, the neighborhood and the City as a whole;

- (3) provide a distribution of #floor area# and locations and heights of #buildings or other structures# that will not unduly increase the #bulk# of #buildings or other structures# in the North Waterfront Subdistrict or unduly obstruct access of light and air to the detriment of the users of the site or nearby #blocks# or of people using the public #streets#, and that will provide waterfront vistas from nearby #streets# and properties on nearby #blocks#;
- (4) provide useful and attractive publicly accessible open space, with sufficient public amenities, including but not limited to seating, landscaping and lighting, that results in a superior relationship with surrounding neighborhood destinations, #streets#, #buildings#, open areas, public facilities and the waterfront;
- (5) improve public access to the waterfront;
- (6) improve the Bank Street portion of the Waterfront Esplanade sufficiently to ensure that emergency vehicles will have adequate access to the waterfront and adjacent #developments#;
- (7) in connection with the improvement of the Bank Street portion of the Waterfront Esplanade, restore planted areas, trees and lighting in a way that is attractive and compatible with the existing design of the Waterfront Esplanade;
- (8) provide adequate parking and loading to meet the demand for all users during peak utilization;
- (9) provide adequate parking for commuters at locations convenient and accessible to the Staten Island Ferry Terminal at all times and during all phases of construction;
- (10) provide signage and lighting that are compatible with the scenic and historic character of the harbor and will not adversely affect the character of the surrounding neighborhood;
- (11) for a #public parking garage# with more than 150 parking spaces, will ensure that:
  - (i) entrances are proposed in locations and with design features that minimize traffic congestion and conflicts with pedestrians;
  - (ii) adequate reservoir space has been provided at the vehicular entrances; and
  - (iii) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby; and
- (12) for a #development# located partially or entirely within a railroad or transit right-

of-way or yard and/or in #railroad or transit air space#, that:

- (i) the distribution of #floor area# does not adversely affect the character of the surrounding area by being unduly concentrated in any portion of such #development#, including any portion of the #development# located beyond the boundaries of such railroad or transit right-of-way or yard; and
- (ii) if such railroad or transit right-of-way or yard is deemed appropriate for future transportation #use#, the site plan and structural design of the #development# do not preclude future use of, or improvements to, the right-of-way for such transportation #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. In addition, for a #development# located partially or entirely within a railroad or transit right of-way or yard, or in #railroad or transit air space#, the Commission may require that the structural design of such #development# makes due allowance for changes within the layout of tracks or other structures within any #railroad or transit air space# or railroad or transit right-of-way or yard which may be deemed necessary in connection with future development or improvement of the transportation system.

Prior to granting a special permit, the City Planning Commission shall request the Metropolitan Transportation Authority and the Departments of Transportation of the State of New York and the City of New York to indicate whether said agencies have any plan to use that portion of any #railroad or transit air space# or railroad or transit right-of-way or yard where the railroad or transit #use# has been discontinued.

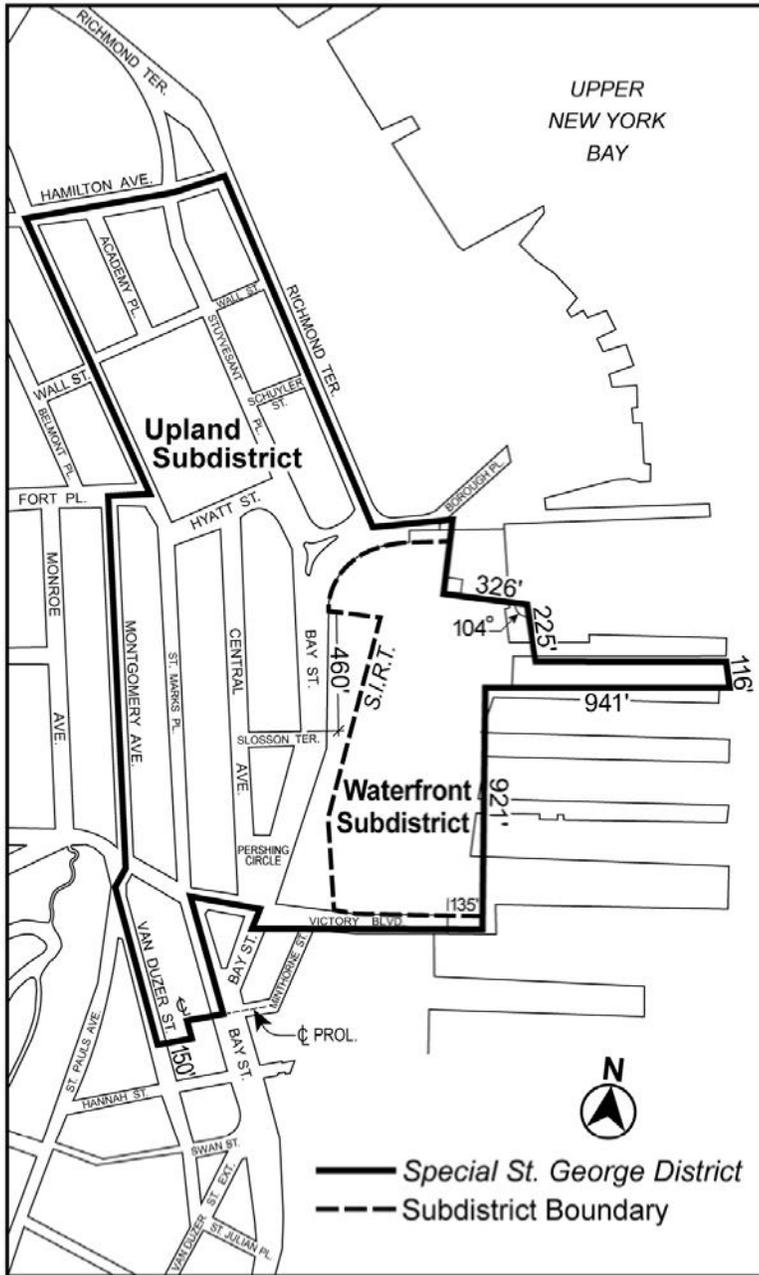

The execution and recordation of a restrictive declaration acceptable to the Commission, binding the owners, successors and assigns to maintain such #developments#, #enlargements#, alterations, changes of #use#, and any temporary parking facilities, in accordance with the approved Proposed Plans comprising the approved development plan, and in a manner consistent with any additional conditions and safeguards prescribed by the Commission, shall be a condition to exercise of the special permit. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a #development#, #enlargement# or change of #use#.
