## NEW YORK CITY WATERFRONT REVITALIZATION PROGRAM Consistency Assessment Form

Proposed action subject to CEQR, ULURP, or other Local, State or Federal Agency Discretionary Actions that are situated within New York City's designated Coastal Zone Boundary must be reviewed and assessed for their consistency with the *New York City Waterfront Revitalization Program (WRP)*. The WRP was adopted as a 197-a Plan by the Council of the City of New York on October 13, 1999, and approved in coordination with local, state and Federal laws and regulations, including the State's Coastal Management Program (Executive Law, Article 42) and the Federal Coastal Zone Management Act of 1972 (P.L. 92-583). As a result of these approvals, state and federal discretionary actions within the city's coastal zone must be consistent to the maximum extent practicable with the WRP policies and the city must be given the opportunity to comment on all state and federal projects within its coastal zone.

This form is intended to assist an applicant in certifying that the proposed activity is consistent with the WRP. It should be completed when the local, state, or federal application is prepared. The completed form and accompanying information will be used by the New York State Department of State, other State Agency or the New York City Department of City Planning in its review of the applicant's certification of consistency.

### A. APPLICANT

1. Name:

### B. PROPOSED ACTIVITY

1. Brief description of activity:

**See EAS page 1a.**

---

2. Purpose of activity:

**The proposed project would support the economic revitalization of the Willets Point neighborhood of Queens by converting large, surface parking lots into mixed-use residential, office, and commercial development. It would create new employment opportunities for local residents and would create economic and fiscal benefits to the City in the form of economic revitalization, increased employment opportunities, and tax revenue. In addition, the proposed project would provide approximately 8 acres of new publicly accessible open space and new community facilities and public school facilities, which would serve the surrounding neighborhood.**

---

3. Location of activity:

**See EAS page 1a.**

Borough:

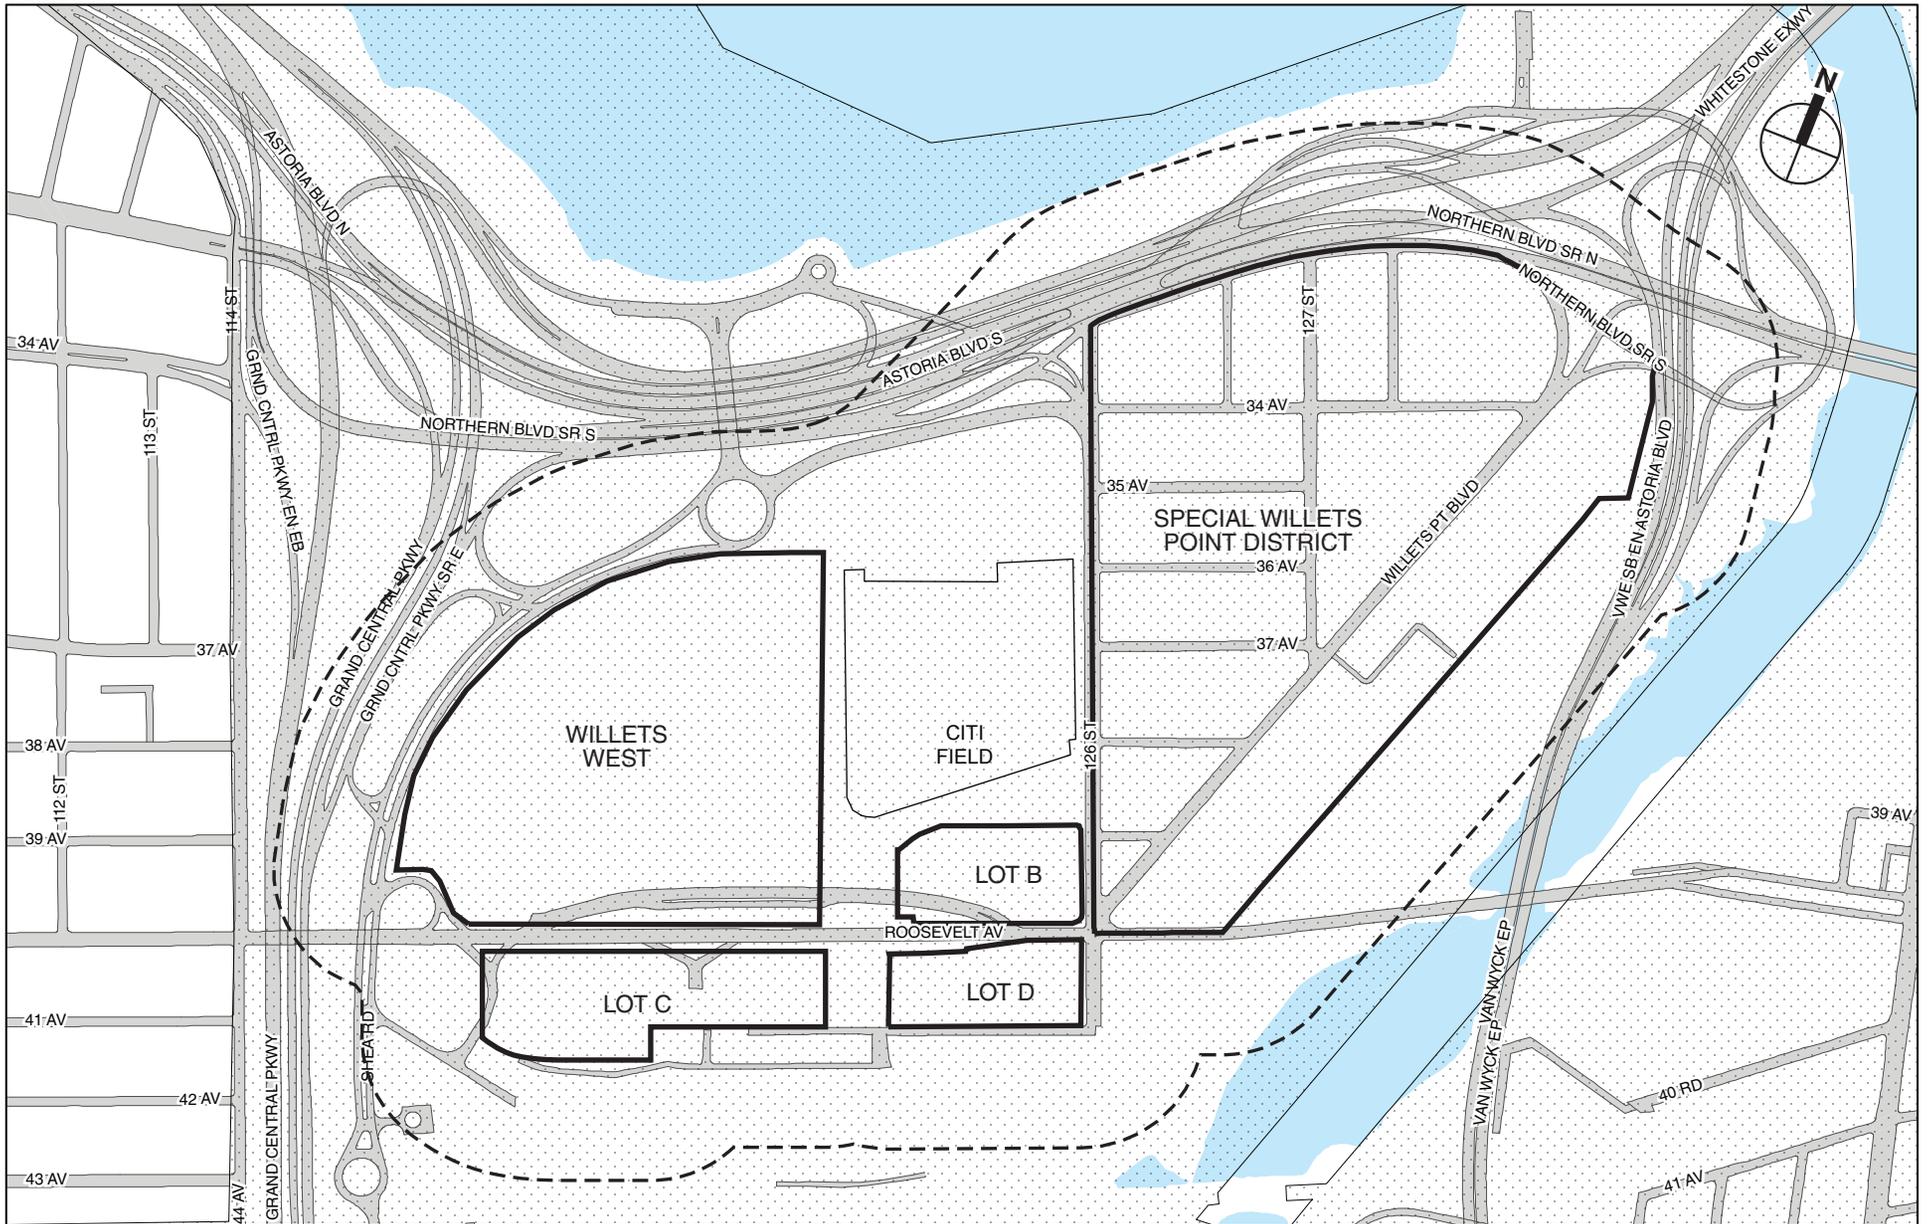

**Queens**

---

Street Address or Site Description:

**The project site is roughly bounded by Northern Boulevard, Shea Road, Roosevelt Avenue, and Willets Point Boulevard (see Figure A-1).**
