

NYC BUSINESS INCENTIVES GUIDE

BUSINESS INCENTIVES IN NYC

New York City is one of the world's most business-friendly destinations. Whether you are considering starting a business in New York City or have already located your company here, you may qualify for a number of incentive programs that can benefit your business in both the near- and long-terms.

Business incentives are offered at the City, State, and Federal levels and range from programs that offer tax exemptions based on where you are located and, in some cases, what sector you specialize in, to programs that reward your business for participating in energy-saving practices.* In general, New York City incentives are designed to promote the City's objectives of generating employment and encouraging economic expansion and business activity.

Various agencies administer these programs and applying for incentives can be complicated. The City has dedicated personnel to help you navigate the process. We encourage you to read this overview and consider which programs you might qualify for before seeking assistance.

This guide will provide you with:

- An overview of incentive programs
- Individual program descriptions with location maps
- Contact information

Please note that the program summaries in this guide are provided for educational purposes only, may not include all program requirements and restrictions, and are subject to change. To determine if your business is eligible for incentives, and to access detailed program information and applications, please visit the NYC Business Express Incentives Estimator at www.nyc.gov/BusinessExpress.

* New York offers numerous energy-saving incentives. To learn more, please see the Doing Green Business in NYC guide www.nycedc.com/incentives and the New York State Energy Research and Development Authority website www.nyserda.org.

Information on bioscience incentives may also be found in the NYC Bioscience Incentives Guide www.nycedc.com/incentives.

INDIVIDUAL PROGRAM DESCRIPTIONS

Business Incentive Rate (BIR)

Reduces the delivery components of electricity bills by 30-35 percent. Businesses are expected to increase and maintain their employment in New York City. The company must also be applying for (and subsequently receiving) another city or state benefit that equals or exceeds the value of the BIR benefit. Those benefits include, but are not limited to: Industrial Development Agency (IDA) incentives, Industrial and Commercial Abatement Program, Energy Cost Savings Program, and Excelsior Jobs Program. The incentive can last up to five years.

Capital Access Loan Guaranty Program

Provides up to a 50 percent guarantee on loans for qualified New York City micro (under 20 employees) and small (21-100 employees) businesses experiencing difficulty in accessing loans. Loans are eligible for use toward working capital, leasehold improvements, and equipment purchases.

Commercial Expansion Program (CEP)

Rent abatement of up to \$2.50 per square foot for new, renewal, and expansion leases. Commercial businesses and not-for-profit organizations are eligible for benefits up to 5 years; manufacturers are eligible for benefits up to 10 years. Available for businesses located in areas zoned M1, M2, M3, C4, C5, or C6 in Manhattan north of 96th Street, Brooklyn, the Bronx, or Staten Island.

Economic Development Fund (EDF)

EDF funds assist not-for-profits, commercial, and industrial businesses with construction, expansion and rehabilitation of facilities; acquisition of machinery and equipment; working capital; and the training of full-time permanent employees. Retail eligible in distressed areas only.

Empowerment Zone Benefits

Package of tax credits including accelerated depreciation, wage tax credit, and various financing and work opportunity programs for businesses located within the Empowerment Zone. Neighborhoods in the zone include Central, East, and West Harlem; Inwood; Washington Heights; Highbridge; Hunts Point; Mott Haven; Port Morris; and west of the Grand Concourse up to 176th Street.

Energy Cost Savings Program (ECSP)

Reduces energy costs for businesses that (a) relocate to, (b) make improvements to property in, or (c) lease space in previously improved buildings in Manhattan above 96th Street or in Brooklyn, Queens, the Bronx, or Staten Island. ECSP can reduce the costs of the delivery component of electricity bills by 45 percent and the delivery component of natural gas bills by 35 percent. Benefits last for eight years, followed by a four-year phase-out.

Excelsior Jobs Program

This program provides job creation, investment and R&D incentives to firms in targeted industries including biotechnology, pharmaceutical, high-tech, clean-technology, green technology, financial services (back office & data centers), software development, new media, agriculture and manufacturing. Companies creating new jobs may also be eligible for a real property tax credit in return for making a significant investment.

Federal Work Opportunity Tax Credit (WOTC)

Federal tax credit that encourages employers to hire from nine targeted groups of job seekers: 1) Qualified Temporary Assistance to Needy Families recipients; 2) Qualified veterans; 3) Qualified ex-felons; 4) Designated Community Residents; 5) Vocational rehabilitation referrals; 6) Summer youth employees; 7) Food stamp recipients; 8) Supplementary Security Income recipients; 9) Long-term family assistance recipients.

Film Tax Credit

New York State provides a 30 percent refundable tax credit, and New York City provides a 5 percent refundable tax credit on production costs for quality feature films, episodic television, pilots, and television movies / miniseries. Please call the Mayor's Office of Media and Entertainment for more information. See page 15 for contact information.

Greenpoint-Williamsburg Relocation Grant Program

Offsets relocation costs for eligible businesses that were impacted by the rezoning in Community Board 1 in Brooklyn. The eligible areas for relocation include Manhattan above 96th Street or any of the other four boroughs — Brooklyn, the Bronx, Queens, and Staten Island.

HireNYC

HireNYC is a no cost program that connects the City's workforce development services to economic development projects. HireNYC can serve as an intermediary for developers and business owners working with City agencies and community groups, assist in the development of recruitment and hiring plans, coordinate job screening events, and provide space for interview events.

IDA Commercial Tax Incentives

Discretionary benefits to induce commercial businesses to undertake major capital investments that result in the creation and retention of a significant number of jobs within New York City. Benefits may include reduction in real estate tax, deferral of mortgage recording tax, and exemption from sales tax.

IDA Exempt Facilities Bond Program

Businesses that develop facilities on publicly-owned docks or that develop solid waste recycling facilities can access triple tax-exempt bond financing. Reduction in real estate tax, deferral of mortgage recording tax, and exemption from sales tax are also available.

IDA FRESH

Grocery store operators renovating existing retail space or developers seeking to construct or renovate retail space that will be leased by a full-line grocery store operator are eligible for this benefit. Financial benefits include reduction in real estate tax, deferral of mortgage recording tax, and exemption from sales tax. Zoning incentives include additional development rights, reduction in parking requirements, and larger as-of-right stores in light manufacturing (M-1) zoning districts.

**IDA Manufacturing Facilities Bond Program**

Manufacturers of tangible personal property that are acquiring, developing, renovating, or equipping facilities for their own use can access triple tax-exempt bond financing and reduction in real estate tax, deferral of mortgage-recording tax, and exemption from sales tax. Financing a project with triple tax-exempt bonds enables borrowers to initiate needed capital improvements at the lowest possible cost and to better manage the timing of their capital investments.

IDA Industrial Incentive Programs

Eligible companies include manufacturers, distributors, warehouses, and other industrial businesses seeking to purchase equipment and/or acquire, construct, or renovate facilities for their own operations. The benefits include reduction in real estate taxes, deferral of mortgage recording tax, and exemption from sales tax.

Industrial and Commercial Abatement Program (ICAP)

Property tax abatement for renovation or construction (successor to the ICIP program). To be eligible for benefits for new commercial construction, the applicant may build anywhere in New York City except in Manhattan south of the centerline of 96th Street and north of Murray, Frankfort, and Dover Streets. To be eligible for benefits for commercial renovation, the applicant may be expanding, modernizing, or otherwise improving an existing structure anywhere in the City except in Manhattan between the centerline of 59th Street and the centerline of 96th Street.

Note: ICAP has expired under the current legislation. Preliminary applications received after March 1, 2011, will not be processed and will be returned to the applicant. Please contact the NYC Department of Finance for current information on program activity.

Industrial Effectiveness Program (IEP)

Grants up to \$50,000 to small- and medium-sized manufacturers for projects improving productivity.

Industrial Business Zone Credit (IBZ)

Relocation tax credit of \$1,000 per employee up to \$100,000 in total. Industrial businesses in designated zones may qualify for this program.

Job Creation and Retention Program (JCRP)

Provides discretionary incentive grants in return for a commitment to create at least 75 new NYC jobs in Lower Manhattan (south of Canal Street) or attract or retain at least 200 Lower Manhattan jobs. The rewarded jobs must be maintained for 10 years. The level of assistance is based on several factors including economic impact, the number of jobs committed and an assessment of the need for public funds to encourage the project. (See map under Lower Manhattan Commercial Rent Tax Reduction program for JCRP boundaries).

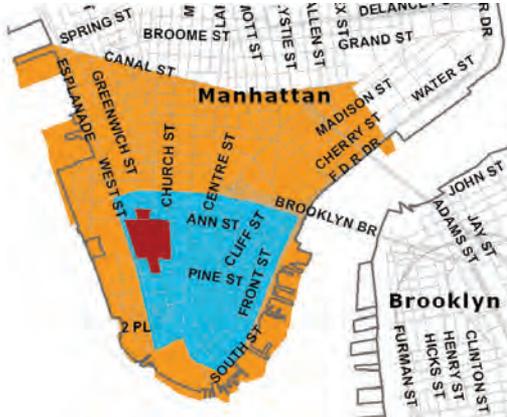

Job Development Authority (JDA) Direct Loan

Provides direct loans for the growth of manufacturing, distribution, warehousing and certain service businesses within New York State by assisting in financing a portion of the cost of acquiring and renovating existing buildings or constructing new buildings or for purchasing machinery and equipment. Funds to make Loans are derived from the sale of State-guaranteed bonds.

Lower Manhattan Commercial Rent Tax (CRT) Reduction

Offers a reduction in commercial rent tax to qualified tenants located in buildings south of Canal Street. Commercial rent tax has been eliminated for all leases signed at the World Trade Center site, including 7 World Trade Center and 130 Liberty Street, as well as for retail leases in the area bounded by Murray Street and Frankfort Street on the north, South Street on the east, Battery Place on the south, and West Street on the west. A five-year special reduction of commercial rent tax is available for new or renewal leases elsewhere in the area south of the centerline of Canal Street.

- WTC Site Special Exemption
- Retail CRT Special Exemption
- 5-year CRT Special Exemption and JCRP Boundaries

Lower Manhattan Commercial Revitalization Program (CRP)

Offers a rent abatement up to \$2.50 per square foot of leased space. To qualify, premises must be located in an eligible building in Lower Manhattan. This abatement zone is generally defined as the area bounded by Murray Street and Frankfort Street on the north, South Street on the east, Battery Place on the south, and West Street on the west. Eligible buildings in this area must have been built before 1975 and be used as office or retail space.

Lower Manhattan Energy Program (LMEP)

Up to 45 percent reduction on regulated electric costs for tenants in qualifying buildings in Lower Manhattan south of Murray Street. Available to commercial tenants of buildings that have been renovated in excess of 20 percent of the property's assessed value.

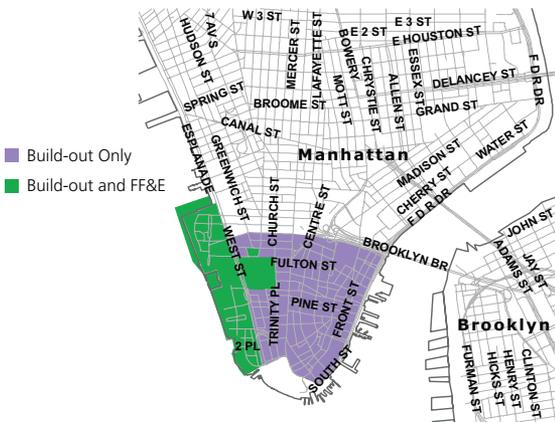

Lower Manhattan Relocation Employment Assistance Program (LMREAP)

Tax credit of \$3,000 per job for 12 years for two types of businesses relocating to eligible premises within Lower Manhattan (see map for boundaries). The first type of business is an “Eligible Business” which: (a) has conducted significant business operations outside of New York City for at least 24 consecutive months before the year of relocation, (b) has not had employees working in New York City between January 1, 2002, and the date the business enters into the program, and (c) will move at least one employee from outside New York City to eligible premises in Lower Manhattan. The second type of business is a “Special Eligible Business” which has had employees working in Manhattan before the relocation but will move at least: (a) 250 employees or (b) a sufficient number of employees from outside New York City to increase its payroll in the City by 25 percent. Eligible premises must be nonresidential and must have been improved by construction or renovation.

Lower Manhattan Sales and Use Tax Exemption

Expenditures for build-out and furniture, fixtures, and equipment (FF&E) of new office space are exempt from sales tax for eligible tenants signing new or renewal leases of 10 years or more at the World Trade Center site, the World Financial Center, and Battery Park City. An eligible space must be a direct lease with a term of 10 years or more. Elsewhere in the area south of Frankfort and Murray Streets, sales tax is eliminated on build-out only (not FF&E).

Manufacturing Assistance Program (MAP)

Grants up to \$1 million to manufacturers that employ 50-1,000 people and that export 30 percent of production out of the region and invest \$1 million in an eligible project.

Metropolitan Economic Revitalization Fund (MERF)

Provides loans to businesses investing in projects that retain or create a significant number of private-sector jobs in economically distressed areas. Loans may be used for improvement of land and buildings (including construction and renovation) and for machinery and equipment purchases.

New Markets Revolving Loan Fund

Loans to small and micro-entrepreneurs located in low-income communities, as defined by the U.S. Department of the Treasury Community Development Financial Institutions (CDFI) Fund.

New Markets Tax Credit (NMTC) Program

Facilitates private sector investment in capital projects in low-income communities, and is often used to finance acquisition / construction. Tax credit investors (often financial institutions) make a one-time, upfront equity contribution in exchange for a future seven-year stream of federal tax credits. These upfront equity contributions are channeled through intermediaries (“Community Development Entities” or CDEs) certified by the U.S. Treasury CDFI Fund. CDEs make seven-year investments in eligible projects.

NYC Biotech Tax Credit

This tax credit provides small biotech companies with a refundable tax credit for facilities, operations, and training. Funding targets expanding firms with up to \$250,000 per year to eligible firms.

NYC Brownfield Incentive Grant (BIG) Program

Reduces the cost of brownfield site cleanup and redevelopment throughout the development process, from the earliest stages of information gathering through environmental investigation and cleanup work. Total grant award per project ranges from up to \$60,000 to up to \$100,000, with the higher award amounts going to preferred community development projects.

NYC Business Solutions Program

NYC Business Solutions is a suite of services designed to help businesses start, operate, and expand. All services are offered at no cost and are available to businesses of any size and at any stage. Key services include: (1) recruitment and pre-screening of job candidates, (2) training to improve skills of employees, (3) navigation of government regulations, and (4) assistance in identifying and applying for financing.

NYC Business Solutions Training Funds

Technical support and funding of up to \$400,000 to NYC employers to develop employee skills within the following target sectors: 1) Administrative Services; 2) Construction; 3) Financial Services; 4) Food Services / Accommodations; 5) Healthcare; 6) Information / Professional Services; 7) Manufacturing; 8) Retail; 9) Transportation.

NYC Entrepreneurial Investment Fund

The fund makes early stage angel investments of \$20,000 to \$200,000 in NYC-based startup companies with a focus on the technology industry.

NYS Brownfield Cleanup Program

Provides benefits for the cleanup and redevelopment of brownfield sites including liability relief and tax credits. Tax credits are provided in four areas: cleanup, redevelopment, real property taxes, and purchase of environmental insurance. Tax credits are enhanced for sites in Environmental Zones, which are census tracts in which the poverty rate is at least 20 percent according to the 2000 Census and the unemployment rate at least 125 percent of the NY State average, or the poverty rate is at least double the rate for the county in which the tract is located.

NYS Investment Tax Credit

Business tax credit on qualified purchases of machinery and equipment for manufacturing firms and an additional employment tax credit for creating new jobs.

NYS Trade Adjustment Assistance Center (NYS TAAC)

A cost-sharing grant to assist manufacturers in funding projects that improve their competitive position.

NYSERDA's FlexTech Program

NYSERDA's FlexTech Program provides commercial, industrial, institutional, and not-for-profits with objective and customized information to increase productivity and economic competitiveness of participating facilities by identifying and encouraging the implementation of cost-effective energy efficiency, carbon reduction measures, peak-load curtailment, and combined heat & power (CHP) and renewable generation projects.

NYSERDA New Construction Program

Provides assistance incorporating energy-efficiency measures into the design, construction, and operation of new and substantially renovated buildings. These measures are designed to save energy through reduced electric demand, thereby lowering building operating costs.

NYSERDA Small Commercial Energy Audit

Provides low-cost energy audits to small businesses and other facilities to help them make informed electrical energy decisions and implement energy-efficiency strategies. Audits help identify economically viable improvements that yield substantial annual energy savings.

NYSTAR Centers for Advanced Technology (CAT)

New York State's 15 Centers for Advanced Technology (CAT) support collaborative research across academia and industry. The CAT program offers a strong asset to New York technology companies, spurring applied research and technology transfer. CATs are able to selectively match corporate contributions to a project.

NYSTAR Small Business Technology Investment Fund

NYSTAR offers venture capital to early-stage, high-tech companies in New York State that have developed innovative technology products and related services that display significant competitive advantage and market acceptance.

Qualified Emerging Technology Companies (QETC) Incentive Program

Designed to help qualified companies invest in their innovations. Awards are based on research and development expenses and related costs, as well as jobs created and employee training expenses. Investors in qualified companies can also receive a non-refundable credit of up to \$300,000 per year. Eligible companies must have products or services that are classified as "emerging technology," such as new media, communications, IT, engineering, advanced materials, biotech, and electronics; have annual product sales under \$10M and gross revenue under \$20M (in the previous tax year); have 100 full-time employees or fewer with at least 75 percent based in New York; and have New York-based research and development spending totaling over 6 percent of net sales.

Relocation and Employment Assistance Program (REAP)

Relocation tax credit of up to \$3,000 per qualified employee for 12 years. To qualify for REAP, an eligible business must renovate or relocate from outside New York City or from below 96th Street in Manhattan to the eligible area, which includes Manhattan above 96th Street or any of the other four boroughs — Brooklyn, the Bronx, Queens, and Staten Island. Certain minimum improvement requirements of the relocation premises apply.

Sales Tax Exemption for Manufacturers

New York City businesses are entitled to an exemption from City and State sales tax on purchases of electricity, fuel oil, natural gas and steam that are used directly and exclusively in the manufacturing, processing, or assembling of tangible personal property for wholesale. Manufacturers that have been paying taxes on energy purchases are also eligible to apply for a rebate of overpaid taxes. Refunds are only available for taxes paid within the last three years.

Section 179 Deduction

Federal tax deduction allowing qualified businesses to accelerate depreciation for eligible equipment and other qualifying property purchased for business use.

Small Business Administration (SBA) 504 Loan Program

Provides businesses with long-term, fixed-rate loans for fixed assets such as equipment, land, and buildings. The SBA works with Certified Development Companies (CDCs) and private lenders to provide loans to small businesses. The private lender takes a senior position of up to 50 percent of the project cost; the CDC takes a junior position of up to 40 percent of the cost; and the borrower takes 10 percent. The maximum SBA portion is \$1.5M when meeting job or other development goals and can increase up to \$2M if approved by the SBA. The SBA portion of the loan is not subject to mortgage recording tax. A business must create or retain one job for every \$50,000 provided by the SBA. “Small Manufacturers” have a \$100,000 job creation / retention goal.

Small Business Administration (SBA) 7(a) Loan Program

7(a) loans are provided by participating lenders who receive a guaranty from SBA on a portion of the loan. The risk is shared between the lender and SBA. Commercial lenders make and administer the loan, and the business applies to the lender for financing. Under this program, the borrower remains obligated for the full amount due. The SBA offers a variety of 7(a) financing vehicles including the Patriot Express, SBA Express, and Community Express Programs, each with specific eligibility criteria.

Small Business Revolving Loan Fund

Provides loans to small retail, service and manufacturing businesses across New York State. Startup businesses may qualify if they meet certain criteria. Program loans may be used for working capital, acquisition and/or improvement of real property, the acquisition of machinery and equipment, or the refinancing of debt obligations, with the goal of creating or retaining jobs in New York State. The fund targets minority and women-owned firms and other small businesses that are having difficulty accessing traditional credit markets.
